## Thank you for choosing Big Trout!

We are a local family owned and operated brew pub with a passion for craft beer, the environment and our community. Our brewery features a High Efficiency Brew House, offering us both internal efficiencies and incredible environmental benefits. It is the only one of its size in Colorado and one of a handful in the United States. While brewing delicious beer, we are able to reduce our water waste by up to 30% and dramatically increase our extraction rate, allowing us to use less natural resources.
