#### **Pale Morning Dun**

Our Pale ale is named after a classic western dry fly, one of our favorites. It is also brewed with some of our favorite hops: Mosaic, Amarillo, and Idaho 7. These fruit forward hops pack flavors of mango, blueberry, and pineapple. The late hop additions add a delightful aroma and flavor with very little bitterness. The malt base is simple to let the flavor of the hops shine through.

#### **Anglers Amber**

This malt forward brew is a mix of rich flavor and soft flowery English hops. The caramel malt brings a nice full flavor combined with the sweetness of the amber malt. The light hopping brings out just the right amount of bitterness followed by a clean bouquet of flavor.

Named after one of our favorite streamer flies, this brew will be sure to hook you with its complexity and easy drinking.

#### **Double Dry Hopped Strawberry Milkshake IPA**

With 22 pounds of dry hop and 22 pounds of strawberry puree, this IPA is packed with flavor and hoppy goodness. The addition of lactose cuts down the bitterness of the double dry hop, while bringing out the subtle strawberry flavor, creating a smooth, delicious adult milkshake.

#### **Mighty Madison IPA**

An old school, classic west coast IPA. A more assertive hop bitterness with a malty back bone and nice piney finish. Brewed with classic hops like cascade, centennial and chinook to bring out the pine flavor with a slight orange undertone. A bolder brew, just like the little lady its named after.
