Welcome to Big Trout!

We are a local family owned and operated brew pub with a passion for craft beer, the environment and our community. We operate a High Efficiency Brew House, offering us both internal efficiencies and incredible environmental benefits. It is the only one of its size in Colorado and one of three in the United States. While brewing delicious beer, we are able to reduce our water waste by up to 30%, and increase our extraction rate, allowing us to use less natural resources.

We regularly donate to local non-profits and support our community through numerous creative endeavors.

Thank you for choosing Big Trout! We appreciate your support.
